DR. C. McLANE'S CÈLEBRATED

LIVER PILLS, FOR THE CURE OF Hepatitis, or Liver Complaint. DYSPRESIA ANT SICK HEADACH

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumat sm in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sen-sation of having left undone some-thing which ought to have been done. thing which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, vet he can scarcely summon up fortitude enough to try it. In fart, he distrusts every remedy. Severa of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER. DR. C. McLane's Liver Pills, in cases of Acue and Fever, when taken with Quinine, are productive of the most happy results. No better carbartic can se used, reparatory to, or after taking Quinine. We would advise all who are afficied with this disease to give them a SAIR TRIAL.

For all bilious derangements, and as a simple purgetive, they are unequaled.
